Tickling More-lee !

more-lee is the first girl that we didn't new before the shooting.

more lee saw our clips on an Israeli tickling forum and wanted to tray it out.

she contacted me through my email and we planned to meet.

more lee is acute girl. she isn't one of our top ticklish girl's but she had something special when tickled.

when we start tickling her we saw that she is becoming really really stress, instead of laughing she got panic.

check out her strong reactions as the tickling going on.
